Cities served statewide

Our Expert Guards

Uniformed professionals matched to your site — from storefronts and offices to active construction zones.

Retail & Traffic Control

Construction & Fire Watch

Our Services

From a single unarmed officer to a fully managed security program, every service is tailored to your site, your schedule, and your budget.

Unarmed Security

A professional, watchful presence for lobbies, retail floors, and offices — trained officers who deter incidents and put customers at ease.

Armed Security

BSIS firearm-certified officers for high-risk sites and assets, with rigorous vetting, ongoing qualification, and strict use-of-force standards.

Fire Watch

Code-compliant 24/7 fire watch patrols when sprinklers or alarms are down, with detailed logs that satisfy your fire marshal and insurer.

Patrol Services

Vehicle and foot patrols on randomized routes, with GPS-verified checkpoints and photo-documented reports after every pass.

Executive Protection

Discreet, planned protection for executives and high-profile individuals — advance work, secure transport coordination, low-profile coverage.

Special Event Security

Crowd management, access control, and rapid response for events of any size — planned with you in advance, executed invisibly.

Why Choose Us?

Security you can verify — not just take on trust. Every AGP shift is tracked, time-stamped, and visible to you.

Guard Metrics™ Live Reporting

Every officer carries our GPS-tracked mobile reporting system. Patrols, incidents, and check-ins are time-stamped and visible to you in real time, 24/7 — so you never wonder whether your site is covered.
